Territories.

ARRANGEMENTS can at any time be
made at the Massey Harris office, at
Qu'Appelle Station, for the sale of
furs. All sales will receive prompt attention.

BUSINESS CARDS.

MEETINGS.

THIS MUNICIPAL COUNCIL of South
Qu'Appelle meets the first Monday of
each month. The Secretary-Treasurer will
be in the office to attend to business every
Tuesday, from 10 a.m. to 5 p.m. Applica-
tions for Transient Traders' Licenses, to
be in the Town Hall, and for Interments in
the Cemetery, must be made to Frank Amas
J. C. STARR, Sec.-Treas.

Qu'Appelle Lodge, A.
F. & A. M., G. R. M.,
meets in the Masonic
Hall, Qu'Appelle, on
Tuesdays, on or
before full moon. No
posting brethren cor-
dially invited.

South Qu'Appelle Agricultural Society Meeting.

Minutes of a meeting of the Ag-
ricultural Society held in the coun-
cil chamber on Saturday, May 5th
1900.

The president, Mr. Jas. Smith, in
the chair; the 1st and 2nd vice-
presidents and 12 directors present.
Mr. G. H. V. Bulyea, Commis-
sioner of Agriculture, was also
present, in response to an invita-
tion from the president.

Minutes of last meeting read and
on motion of Messrs. A. Matheson
and F. G. Whiting were adopted.

Mr. Bulyea addressed the asso-
ciation with reference to the dis-
tribution of agricultural society
grants and explained the recent
legislation respecting these societ-
ies.

He also pointed out how the
government were willing to assist
the societies to take up what was
known as institute work, that is to
organize meetings for the discus-
sion of agricultural subjects, and
stated that if a series of meetings
could be arranged in the district,
the Department of Agriculture
were willing to undertake to pro-
cure the services of experts, quali-
fied to take up subjects of interest,
and have them address such meet-
ings without any expense whatever
to the society. The Commissioner
further stated that the department
would, during the coming season,
supply competent judges in the
live stock classes, where societies
were willing and able to co-operate
with adjoining sister societies in
regard to the dates of their shows,
so as to render it possible for a
judge to act at three or more shows
in succession without any unne-
cessary loss of time.

At the close of Mr. Bulyea's ad-
dress a vote of thanks was tendered
him for the explanations and in-
formation given by him.
On motion of Messrs. W. Henley
and L. G. Bell it was resolved that
this association desires that the
Central Assiniboia Agricultural
Association be continued.

After discussing some minor de-
tails the meeting adjourned.

Territorial assembly.

Premier Haultain's resolution
moving for an official inquiry is too
long for insertion this week. It
shows a desire to obtain larger pow-
ers and to take another step toward
provincial autonomy.

Regina, May 3. At the evening
sitting of the assembly the commit-
tee to inquire into the Standard's
charges of "cooked accounts" repud-
ated that the information had been
furnished that paper by Mr. Ben-
nett, member for West Calgary.
On motion that the report be con-
sidered in Mr. Bennett asked for
two days' time to examine the evi-
dence before the committee. This
was refused, upon which Mr. Ben-
nett proceeded to make a thorough
analysis of the evidence in a three
hour speech.

Mr. Bennett was followed by
D. B. McDonald who proposed an
amendment, omitting all mention
of Mr. Bennett's name. Mr. S.
MacLeod was the seconder. Dr.
Patrick, Dr. Elliott and J. H. Ross
also spoke on the subject. Mr.
A. E. Cross moved a resolution,
impressing on the Dominion gov-
ernment the advisability of extend-
ing Banff National park to the in-
ternational boundary. Mr. A. L.
Sifton seconded and Mr. R. B. Ben-
nett supported. The arguments
were to the effect that it was neces-
sary for the preservation of the deer
and other animals, which are being
slaughtered by Indians. Dr. Pat-
rick thought the timber reserves on
the prairie country should be game
preserves, and in some instances
public parks. Carried.

Mr. Bennett's compensation to
workmen bill, which relieves the
employer from liability in cases of
injury in certain cases, to one work-

man by the negligence of another,
was killed in committee, and a bill
on the same subject by Mr. A. L.
Sifton, but without such exemption,
was passed.

Regina, May 4.—At this morn-
ing's session it was resolved to print
Mr. Haultain's autonomy speech in
pamphlet form for circulation. The
municipal ordinance was amended
so as to remove the disqualification
to vote at municipal elections by
clerks and their deputies and deputy
sheriffs.

In the afternoon Premier Haultain
had a bill put through all its
stages to enable clerks and sheriffs
to appoint deputies in their own
districts. Mr. D. H. McDonald
moved, seconded by Mr. A. B. Gil-
lis, a memorial asking for a railway
in Assiniboia along the Qu'Appelle
valley. Carried.

At 3 o'clock precisely the Lieu-
tenant-Governor arrived and the
House was prorogued in due form.

Edgeley Echoes.

From our own correspondent.]

Mr. W. Boxall who will soon be-
come a permanent settler here, is
now busy excavating a cellar and
drawing lumber with which to build
at an early date.

Mr. Robert Tate spent last Wed-
nesday and Thursday in this dis-
trict, visiting his home and friends.
He looks well and all were pleased
to see him, after an absence of a-
bout two years, during which time
he has been teaching and attending
Wesley College, Winnipeg. As
Mr. Tate was to Weyburn on busi-
ness he did not stay here long but
returned to Winnipeg to write on
his college exam., with which we
wish him every success.

Of new settlers this spring we
have our share. Mr. Barber has
built a fine stable on his farm, and
is quite busy in many ways.
Messrs. Fox and Harris have also
located near us, the former on Mr.
W. Powley's late farm, and the lat-
ter on Mr. J. R. North's.

Messrs. J. T. Craig and T. J. Wil-
son made a business trip to Spring-
brook last Thurs. day.

Last Friday was observed, by
mistake, as Arbor Day, and school
was accordingly closed for the day.
We hear that others made a similar
error in doing a week too early in
celebrating. However, the legisla-
tive grant for the day will not be
lost to the district.

Seeding is about finished around
here, all but a few oats being sown.
There was a large acreage put in.

The destructive prairie fires seem
to be past for this season. Though
we had our full share of them we
hear of no serious losses.

Preparations are going on for the
Japanese tea and concert to be held
in town on 16th inst., under the
auspices of St. Thomas' church,
Vernon. A good time is expected.

Our weather now is all that can
be desired, and is especially suitable
for farm work. However, a good
shower of rain would be a blessing.

Sand is being hauled for the erec-
tion of the new school, which will
likely be started this month.

The missionary collectors for the
Methodist Church are now going
their rounds.

Mr. and Mrs. Wellington Powley,
of Weyburn, are visiting friends
and relatives in the vicinity.

Mr. H. Anderson, of Vancouver,
passed through this settlement on
Saturday.

Mr. J. H. Ellis took in the pie
social and dance held at McLean
last Wednesday. He reports hav-
ing a most pleasant time, as the
pie and dance were of No. 1 quality.

The Sacrament of the Lord's Sup-
per will be administered in the
Methodist Church on the 20th inst.
(Continued on local page.)

MOVING ON PRETORIA.

ROBERTS REPORTS THE MOUNTED INFANTRY MARCHING NORTH.

The Enemy Driven From Langer Near Warrenton—Private Liston, of Winnipeg, Dead.

London, May 6.—The war office this evening issued the following bulletin from Lord Roberts, dated Brandfort, May 4:

"The mounted infantry have gone on to the Vet river. The rest of the force will reach there today. The railway has been repaired to Brandfort."

"Gen. Hunter reports very satisfactory news, that the passage of the Vaal has been carried at Windoort without opposition."

The Vet river is about 20 miles north of Brandfort. The railway crosses the river a few miles below Windburg, which is the next station of importance north.

Windoort is midway between Kimberley and Fourteen Streams. The Vaal is a tributary of the Orange, and is the boundary between Transvaal and Free State.

Kronstadt, President Steyn's headquarters, is 75 miles beyond Windburg, the latter being midway between that city and Bloemfontein.

Warrenton, Cape Colony, May 5.—A British six-inch wire gun opened unexpectedly on the Boer laager yesterday at a distance of nearly a half mile, throwing 100-pound shells with wonderful accuracy, and causing a hasty retreat of the burghers. The bombardment continued yesterday at all points by Howitzers and field guns, supported by two companies of the Munster regiment, the Boers being driven from shelter and their guns being put out of action.

Brabant's Camp, May 5.—Brabant's division now occupies a strong position on a range of hills on the Ladybrand road, about 20 miles from Wepener. The troops are confronted by a large force of Boers who recently occupied Wepener, and who have now been located in the mountain known in the Free State as Zwartkopsberg.

Ladysmith, May 5.—The Boers have shifted their guns on the range of hills facing the British in front of Elandsfontein and have posted a Long Tom on a hill in the direction of Wessels Nek.

London, May 5.—The Gazette this evening contains Gen. French's report of the disaster to the Suffolk regiment in the Colenso district, Jan. 5, which he attributes entirely to the fact that a majority of the four companies of the regiment engaged were seized with panic and retired. He pays high tribute to the officers of the regiment and the men who remained with them.

Ottawa, May 5.—The militia department yesterday received a cable from Sir Alfred Milner, dated Cape Town, May 2. It says, "The 1st Buffs, Royal Canadian Regiment, died of enteric fever April 30, at Bloemfontein, and Gunner E. Peot, D Battery, Canadian Artillery, died of enteric fever at De Aar yesterday."

The officer commanding the first Canadian contingent reports from Bloemfontein the death of the 2nd bat., of Pte. R. Liston, 90th Rifles. The cause of death is not given.

A militia order issued yesterday has the following: Pte. J. W. Culver (or Raymond), 92 St. John Fusiliers, Canadian Mounted Rifles, 1st Batt., slightly wounded in action.

The following have been reported missing since April 2: Sergt. R. H. Ryan, reserve officer, Corp. T. E. Linden, Royal Canadian Dragoons, Pte. H. Hyatt, Royal Canadian Dragoons.

OTHER'S WOUNDS.

Toronto, May 5.—The Globe has the following dispatch from Frederick Hamilton: "The Canadians participated in the capture of Thaba N'Chu on Wednesday last. Private J. Duff, of the Halifax company, was killed. Lieut. Col. Otter was slightly wounded. Private Burns, of the Ottawa company, and Private Culver, of the New Brunswick company, was also wounded."

On Monday the Canadians advanced from Springfield and on Tuesday crossed the Modder river in the face of the enemy's fire, helping to recover the waterworks. They rushed and occupied a kopje commanding the waterworks. On Wednesday they advanced to Thaba N'Chu, coming into action early in the afternoon and fighting until dark. They captured several kopjes.

Col. Otter's wound was caused by a Mauser bullet which injured his shoulder and chin slightly. He returned to Bloemfontein on Monday last, but hopes to rejoin his regiment shortly.

Prince in Luck.

London, May 5.—The Prince of Wales was \$10,000 richer Wednesday night than the night before, his cranksy colt, Diamond Jubilee, winning the 2,000 guineas purse at Newmarket. The colt is noted for its bad temper, and refused to permit any of the crack jockeys to mount him, so Herbert Jones, a stable lad, was forced to ride the riding, with the result that the colt was an easy winner.

RESTRICTING RAILWAYS.

Second Reading: Mr. Blair's Bill to Prevent Companies Exploiting Townships.

Ottawa, May 6.—In the house yesterday Mr. Blair moved the second reading of the bill to amend the railway act. This bill has already been passed. The third clause withdraws certain lines of tramway and street railways from legislative control of the Dominion parliament and leaves them for the provinces to deal with. The next clause of the bill was to prevent companies that had received Dominion subsidies from sidetracking and exploiting townships of their town. The railway committee of the privy council will have power to change the location of railway stations so that existing towns might not suffer. Another clause provides for one set of regulations for all railways, which all companies are to be bound to observe. The bill was read a second time.

Mr. Haggart asked that Mr. Blair's bill to amend the railway act be referred to the railway committee, where it could be discussed with greater freedom. Lieut. Col. Tisdale said that the bill is of great importance. He strongly objected to the railway committee having the power to order a change in stations, as was provided by the bill. The bill was referred to the railway committee.

A bill to make further provision respecting grants of land to members of the militia force on active service in the Northwest, was read a second time and passed through committee.

An act to amend the gas inspection act was taken up and passed as was also an act to amend the general inspection act so as to provide a grade for the inspection of gas pipes.

A discussion took place on an act to amend the weights and measures act. The bill provided that all apples packed in Canada for sale by the barrel should be packed in good and strong barrels of seasoned wood, having dimensions not less than 24 inches between the heads inside measure, and a head diameter of 17 inches, and a middle diameter of 18½ inches. When pears, quinces or potatoes are sold by the barrel such barrel shall be of not lesser dimensions than those specified. When potatoes are sold by weight the weight equivalent to a barrel shall be 174 pounds.

A bill for the inspection of foreign grain at Montreal was read a second time.

EXPRESS TRAIN DERAILED.

Train From the East Ran Into an Open Switch at Upsala Station.

Winnipeg, May 5.—An alarming report was circulated yesterday around the C. P. R. depot of a disaster to the train from the east, due at 10:15 a.m. The express was reported to be about 11 hours late, and the report that the train had run into an open switch and was derailed, led to all sorts of rumors which upon enquiry were found to be greatly exaggerated. As No. 1 or the second express was running into Upsala station on Thursday May section, a point about 342 miles east of Winnipeg, the engine, No. 195, in charge of Engineer R. J. Rogers, ran into an open switch and was derailed, taking the baggage car, express car and one colonist car with it. The engine and the baggage car were completely wrecked last night. The report states that no injury to any of the passengers, trainmen or to the train was caused.

A wrecking gang was dispatched at once from Fort William, and worked all night in clearing the tracks. The cause of the accident is seriously being investigated and the official board has stated upon whom the liability is fixed as an investigation would have to be made. Conductor Birgar was in charge of the train.

SANDON, B. C., DESTROYED.

Fourishing Silver-Led Mining Town Wiped Out by Fire.

Vancouver, May 5.—The Town of Sandon, in the heart of the Slocan silver lead mining district, was entirely destroyed by fire last night. It was one of the most flourishing cities of British Columbia. All of the business part of Sandon, including the R. C. hotel and the Canadian Pacific railway depot, have been reduced to ashes, and not a dozen houses remain standing in the district. The obliteration of the city is complete, and the residents, who are left without food or shelter, have appealed for relief to other towns of the province. The wires from Sandon have been down all day, but telegraphic communication will be resumed.

The loss will exceed \$250,000. So far as was the basin, which constituted the townsite, the only one left without food or shelter, have appealed for relief to other towns of the province. The wires from Sandon have been down all day, but telegraphic communication will be resumed.

The loss will exceed \$250,000. So far as was the basin, which constituted the townsite, the only one left without food or shelter, have appealed for relief to other towns of the province. The wires from Sandon have been down all day, but telegraphic communication will be resumed.

ADVANCE NORTHWARD.

THE BRITISH HAVE RECAPTURED BRANDFORT.

Divisions Fighting North of Bloemfontein—Plucky Bayonet Charge of Fifty Gordon Highlanders.

London, May 4.—It is announced that the British have recaptured Brandfort.

Brandfort is situated about 50 miles north of Bloemfontein on the railway running to Pretoria. It has been the objective point of the enemy retreating from the southeastern part of the Free State, and occupies a commanding position.

The Daily News has the following from Thaba N'Chu, dated Wednesday: "In yesterday's fighting movement Capt. Towse and fifty Gordon Highlanders were surrounded by 250 Boers who demanded their surrender. Capt. Towse ordered his men to fix bayonets and charge. With a wild cheer the Gordons rushed the enemy and swept them away with great slaughter. Capt. Towse was killed in both eyes by the enemy's fire and throughout behaved most heroically."

London, May 4.—Gen. Broadwood's cavalry brigade has reached Isabellfontein, 28 miles north of Thaba N'Chu. Gen. Ian Hamilton's brigade has been ordered to Isabellfontein, and Gen. Tucker's brigade is in the Karoo's Siding district. The divisions of Gens. French and Rundle are in and near Thaba N'Chu. Thus Lord Roberts has 50,000 men operating clear of the railway, along a front of 40 miles. He is advancing slowly with some success, but nothing decisive. Yet at all points of concentration the Boers appear in sufficient force to compel the British to proceed with caution. Their wide front in a rugged country, makes turning movements of hand difficult.

Observers at headquarters in Bloemfontein seem to think that the Boers are preparing to evacuate Brandfort and Ladybrand. The Boers still holding Thaba N'Chu district are estimated at 4,000. They have among their guns a 40-pounder. One correspondent writing from Bloemfontein Wednesday at 11:55 p.m., said the British hoped to cut off the whole command. The correspondents at Kimberley have been forbidden to communicate for several days, the deduction being that a forward movement is under way there. The Boers in Natal are restless. Two hundred crossed Sunday's river yesterday and tried to engage the British outposts.

The Bloemfontein correspondent of the Standard, telegraphing May 2, says: "I have just ridden hither from Thaba N'Chu, along the line of our advance east of Bloemfontein. The distance is fully 40 miles, and yet all the country is under our control. The Boers are being contested by the enemy. Gen. Rundle, with the eighth division, is posted on our right flank, with orders to guard a strong and thickly outlined frontier position in a country of decidedly difficult nature. The Boers have posted a number of guns of superior caliber and range to cover the frontier. They show no disposition to do more than keep in touch with us, and to harass our advance."

"Further to the west, Gen. Ian Hamilton, with his division of mounted infantry, is pressing northward, encountering a desultory fire. The Highland brigade from Valkekrantz has been engaged, while Gen. Tucker, commanding the seventh division, has moved eastward from Karoo Siding, and has returned south, followed by the Boers. Nevertheless the cavalry, owing to the greater numbers of the enemy, have been prevented from completing the movement that was intended to encircle the Boers on the march to Brandfort, and the enemy are now prepared to offer stubborn opposition on an entrenched hill to the southeast of Karoo Siding."

Ottawa, May 4.—A cable was received yesterday at the militia department from Lieut. Col. Otter, commanding the first Canadian contingent, giving the following list of dead and wounded while fighting under Gen. Ian Hamilton around Thaba N'Chu: Killed: Harry Cotton, 43rd Batt. Ottawa and Carleton Rifles; wounded in action on same date: Lieut. J. M. Ross, 2nd Oxford Rifles; Private John Lutz, 44th Batt.; Sussex N. B.; Private J. Letts, 42nd St. John Fusiliers; Private R. Foster, Governor-General's Foot Guards, Ottawa; Private E. Irvine, 19th St. Catherine's Batt.; Private C. K. Robison, 21st Essex Fusiliers, died of enteric fever, May 1; Private A. E. Zone, 16th Batt. Halifax; Shoeing Smith McMillan, dead.

THE LETTER TO AGRIPIA.

New York, May 4.—The Herald, and Journal Advertiser, sent cables from London and Rome, which say, two letters, one from King Agrippa to Christ, and the other from the Saviour to the king in reply—letters referred to by Eusebius in the fourth century—have been discovered, after being lost for 1,500 years.

BUDGET DEBATE CLOSED.

Increased Railway & Bridge Indebted to the Activity in Canadian Trade.

Ottawa, May 4.—The budget debate was closed at 1:20 this morning, when the amendment of Sir Charles Tupper to the budget was put to the vote. Between Britain and the colonies was defeated by 48 to 88 against, a majority of 40 for the government.

Ottawa, May 4.—From the annual report of the railway department for the past year, it is shown that the paid up capital of all the railways in Canada amounted to \$964,599,975, an increase of \$23,402,747. The gross earnings amounted to \$62,243,784, an increase of \$4,528,679, and working expenses aggregated \$40,706,217, an increase of \$431,328, compared with those of the previous year, leaving net earnings \$21,537,567, an increase of \$960,011. The number of passengers carried was 19,133,365, an increase of 689,316; and freight traffic amounted to 1,111,753 tons, an increase of 2,425,700 tons. Total miles of railway run by trains was 52,215,307, an increase of 1,727,844. The accident returns show 20 passengers killed, 185 injured. Replying to Mr. Clarke, Mr. Borden said that 411 tons of hay, 10,813 bushels of oats and 115 tons of bran were purchased for the contingents that left Halifax.

Mr. Pattee presented a petition of the council of Winnipeg regarding the control of railways and Senator Watson presented a similar petition in the senate.

FEELING IN THE STATES.

Mr. Max O'Rell Gives His Views to the British People.

London, May 4.—Max O'Rell, who has just arrived from America, is telling the British press a few facts on the American sentiment toward the Boer war, which to the mass of the British public is surprising. He says: "My experience is that outside of a small set of the eastern States, and apart from some New York and Boston newspapers, the whole trend of opinion is hostile to England. A glance at the caricatures which fill the American papers should be enough to convince any one of this. As for the Anglo-American Alliance, let me tell you it would instantly kill any American government who would propose or sanction it. The masses of the American people are dead against it. Nothing amuses me more than to see the Americans making money by endorsing the Stars and Stripes and Union Jack waving together. How those Americans must laugh in their sleeves as they count the house during the performances."

C. P. R. PLANS FOR OTTAWA.

Commodious Buildings Will Replace the Burt Station.

Ottawa, May 4.—C. W. Spencer, general superintendent of the C. P. R., says that the company intends rebuilding in Ottawa. The passenger station will be changed by having the stairs and structure which to be built will provide accommodation allowing for the increased traffic for years to come. "Our present intention is," said Mr. Spencer, "to occupy the property lying between the aqueduct and Richmond road for the passenger station and track accommodation required in connection therewith. The space is sufficient for many lines of track and a platform."

A Collingwood Tragedy.

Collingwood, Ont., May 4.—John Weldon, Sr., with his wife and family has lived here for many years. He is an old brother soldier and, unless when in his cups, which occurs frequently, he is a hard working man. Weldon and one of his sons, Wm., was in his home on Hickory street last night. Both, as far as can be learned, were the worse of liquor when a dispute arose between them, ending in a fierce fight, during which the mother, who is supposed, between them was struck by either one or the other and is now dead. Nothing is clear as yet, as there appears to be no other witness on the scene. The two men are in lockup, and of course blame each other for the deed.

The Utah Disaster.

Salt Lake, Utah, May 4.—So far almost 200 bodies have been recovered from the Schofield mine, and it is thought that many bodies yet remain to be recovered. It is said that 90 bodies have been recovered, but that there is a living man in the mine. It is now only a question of recovering the bodies of the victims, and that cannot be finished for several days.

HIS EXCELLENCY'S TRIP.

Ottawa, May 4.—His Excellency is busy arranging the details of his intended trip to the Northwest after prorogation. It has been decided that the Countess shall accompany him. He intends to visit the scenes of battles, in which he participated during the Saskatchewan rebellion. He is expected to do a great deal of driving and riding through the Territories. It is also his intention to visit the Yukon, going by the White Pass.

Fort William, May 4.—Sept. Osborne is here arranging matters for the opening of navigation.

OTTAWA FIRE DEATH LIST.

Another Victim Found—A Day's Rations at Hull—Commons Contribution.

Ottawa, May 2.—The infant son of Romeo Lachance, a mill hand at Hull, has yet to be added to the death list from the recent fire. This makes seven deaths in all. The mother of the child escaped with the other little ones, and it was thought that some one was following her with the infant. When she turned back and found out her mistake, it was impossible to get near the building, so quickly did the fire travel. The relief committee is kept busy. A day's rations at the Central Supply depot at Hull comprises 6 barrels of pork, 1,200 loaves of bread, 5 tons of canned beef, 4 bushels of peas and 5 cases of tea.

Ottawa, May 3.—The House of Commons yesterday passed a resolution granting \$100,000 in aid of the sufferers from the Hull and Ottawa fires of Thursday last. Both sides of the House agreed to the prompt action of the government in deciding in favor of recommending the amount for the consideration of parliament, and also in giving \$1,727,844, the amount of the relief committee. In addition to this, resolutions were adopted for \$20,000 for a new post office for Hull, and \$21,000 for the approaches to the Chaudiere bridge, which were burned down.

At a meeting of the Hull city council last evening it was decided that every building within the fire area should be exempt from taxation for 15 years. Houses would require to be built of brick or stone and shingles used for roofing. It is also intended to widen and straighten streets in the city.

The governor-general received the following cable from the Lord Provost of Glasgow yesterday: "At a special meeting of the corporation of Glasgow it was unanimously resolved to express through you to the inhabitants of Ottawa their deepest condolence with all who have suffered by the recent deplorable disaster, especially with those who have lost relatives and friends by it. I have offered to receive and forward any subscriptions from Glasgow towards the relief of sufferers. (Signed) The Lord Provost."

London, Eng., May 2.—The Lord Mayor's Ottawa relief fund has now reached \$12,000; \$10,000 has been remitted.

COAL MINE EXPLOSION.

Over 100 Miners Killed, Many Others Injured and Hurt.

Salt Lake, Utah, May 2.—A terrific explosion occurred yesterday in the winter quarters of the Pleasant Valley company's coal mine at Sheffield on the Rio Grande and Western railway, near Colton, by which, according to reports, over 100 people were killed and many injured. It is estimated that 90 bodies have already been discovered. The explosion is attributed to the blowing up of a number of kegs of blasting powder. The work of rescue is going on and everything possible is being done to relieve the suffering and ascertain the dead. Among the dead 14 bodies have been identified.

A special from Schofield states positively that there have been 85 dead bodies taken out of the Pleasant Coal mine No. 1. There were 250 men at work in the two mines. Nos. 1 and 4. The remainder of the miners are dead. The explosion is supposed to have occurred in No. 4, and to have extended by shaft to No. 1.

Bristol, Tenn., May 2.—The coal mines at this place are on fire and there is a great apprehension for the lives of the miners. It is reported that all except nine are accounted for, but that nine are definite known to be lost.

Roumke, Va., May 2.—A considerable portion of Tom's Creek coal mines, in Wise county, has been on fire since last Saturday. Four men are known to have been caught in the mine and suffocated. The fire is reported under control.

\$18,000,000 CLEAN-UP.

Minimum Figures From the Yukon—W. C. T. U. on Cigarettes.

Victoria, B. C., May 2.—Dawson advises to April 15 give \$18,000,000 as a minimum approximation of the clean-up for Klondike district this spring. A great part of the washing has been done with rockers, in consequence of the failure of the water supply of sluicing. Sulphur and Gold River creeks have contributed \$3,000,000.

Cigarette smoking among the boys and girls of Victoria is said by the W. C. T. U. members to have developed to such alarming proportions that a special convention is to be called for May 10 to consider measures for the abatement of the evil.

Montreal, May 2.—The Phoenix Iron company, of Philadelphia, has secured the contract to build the largest cantilever bridge in the world over the St. Lawrence river at Quebec. The cost will be in the neighborhood of \$5,000,000.

London, May 2.—The house of commons yesterday adopted by 155 votes to 4, a vote of £1,930,000 for the completion of the Uganda railroad. Upwards of \$3,000,000 for the completion of the Uganda railroad has already been expended on this line.

ROSCOE E. LAW,
EDITOR AND MANAGER

THURSDAY, MAY 10, 1900.

"Let us have faith that right speaks might; and in that faith let us dare to do our duty as we understand it."

THE WAR SITUATION.

Gen. Roberts has at last taken the initiative and is moving rapidly northward. The Boers are unable to make any effective stand and are being swept before him. In almost every engagement the colonists are found at the front and foremost of these are the Canadians. Canada has reason to be proud of the courage and devotion of her sons to the British cause. The British themselves are deeply appreciative of Canada and Canada's contingents and speak in the highest terms of our men in action. Peace lovers we are but not at any price. Honor and loyalty hold a higher place in our hearts.

On the British advance to Bloemfontein, Windburg was chosen as the temporary seat of the Free State government. This point has now been captured and the British forces are rushing onward. A temporary check will probably be met on reaching the Transvaal, but until then it is probable that the crushing force of our troops will drive back all opposition.

NOTES.

The annual report of the Department of Agriculture of the Northwest Territories for 1899 is just to hand. It is replete with useful information for farmers and stockmen and furnishes very interesting reading. We would advise our readers to secure a copy while the supply lasts. One item it deals with is the low grade of stallions imported and consequently the depreciation in value of horses throughout the Territories. We have pointed out before the ready market obtainable in Great Britain for proper horses and it seems strange that some effort is not made to secure this trade. The Qu'Appelle Agricultural Society should find it to their interest to consider this matter and if possible arrange to bring up one or two first class stallions for this district.

We accept the figures as given by Mr. Bulven last week showing the expenditure on Public Works in Assiniboia to be approximately \$70,000 as against \$100,000 in the west. The percentage of taxation was that the most thickly populated territory did not receive as due proportion, and we still have here the fact that the western

acknowledge the correctness of Mr. Bulven's statement as taken from the budget speech. The total expenditure in the Public Works Department last year was \$144,828.41, of which some \$62,000 was spent in East and West Assiniboia. The remainder, nearly \$83,000, was, presumably, spent in the other Territories, where for the most part settlement is much more scattered and taxes are lighter.

A CORRESPONDENT of the Mooseomin Speculator states that the Canadian Farmers' Elevator Company is owned by five men not one of whom is a farmer. He also wishes to know why Broadway buyers with flat warehouses could pay an average of two cents per bushel more than the Whitewood, Wapella, and Mooseomin elevators that were controlled by the North-west Elevator Association.

HUGH JOHN MACDONALD declares his determination to carry out every anti-election promise that he made. Some members of his party are against his introducing prohibition legislation, and he is not in favor of it personally, but he declares that he will bring in a measure to fulfill his promise. This is living up to a promise with a vengeance, and it does credit to Hugh John's sincerity, if not to his judgment. The Liberals at Ottawa have broken promise after promise, and it is pretty generally conceded that they have done well in doing so in many cases. Hugh John is not that kind of a man, however. While he candidly admits that he is not himself a prohibitionist, yet he argues that the people elected him to office pledged to a prohibition policy, and he will give them what he promised, whether or not it is good for them. Events.

The Export Cattle Trade.

Recent cable messages forth show a serious danger to the live stock export trade with Great Britain. The other day cattle from the Argentine republic and Uruguay were prohibited from being landed in Great Britain because of the prevalence in these countries of foot and mouth disease, one of the most contagious of cattle distempers. It is now alleged that the disease has been detected in cattle from the United States landed at Deptford. Should the diagnosis prove to be correct, the cattle of the United States will, as a matter of course, be treated as have been those of the Argentine republic; and if the cattle of the United States are shut out possibly those of Canada will hardly fare better. The experience of Great Britain with cattle plague has been so disastrous that no risk of infection from foreign animals will be taken. The matter is one that the Canadian authorities should give prompt attention to, in order that the best case that can be made for Canadian cattle shall be ready in case it is needed. The record of the pleuro-pneumonia scheduling is proof of how serious a result may follow a very small cause.—Calgary Herald.

COUNCIL MEETING.

Minutes of a meeting of the Council of the municipality of South Qu'Appelle held in the council chamber Monday, May 7th, 1900. The Reeve and all the members of the Council present.

The minutes of last meeting were read and adopted.

The following applications for the positions of road overseers were received: W. G. Vicars, W. Brown, J. H. Plant, W. J. Craig, Geo. Ellis and J. E. Jenkinson.

The committee of Finance, Assessment and Safety reported as follows:

We recommend the payment of the accounts as under: W. H. Hunter anti-rum and stationery, \$24.15; J. C. Starr, assessor's salary, \$80.00; Melville Ross, painting, \$10.00; H. Brown, (charity) \$1.00; J. F. Blakey & Co., \$2.00; Wm. Jones & Co., \$2.00.

etc., \$10.20; Town Labor as per F. Amas, road overseer's account for April, \$57.05; MacLauri & Harvey, lumber \$512.58; F. Amas, Inspector F. H. & S., cleaning vacant lots as per vouchers, \$5.50; F. Amas, salary to May 1st, caretaker of cemetery, \$5.00; J. Craig, work at cemetery, \$3.50. That the account of THE PROGRESS be referred back for revision. Further, that the sum of \$5.50 charged for cleaning town lots by the F. H. & S. Inspector, be charged against the respective lots, and that the Secretary-Treasurer's monthly report showing balance on hand of \$2388.24 be revised and filed. All of which is respectfully submitted.

J. Perkin Jones, Chairman.

The Secretary-Treasurer's statement showed the following balances to the several funds:

| | Dr. | Bal. | Cr. | Pal. |
|------------------------|--------|------|-----|------|
| General Fund... | \$1791 | 27 | | |
| Mill bonus fund... | 70 | 11 | | |

Dr. Balance... 161 04

Cr. Balance.... 2549 28

Less Dr. Balance 161 04

Balance on hand 2388 24

J. C. Starr, Sec.-Treas.

Moved by Councillors Jones and Johnston that the report of the F. A. & S. committee be received and adopted and that the Reeve and Secretary-Treasurer are hereby authorized to issue cheques in payment of the several accounts thereon.

Mr. G. H. Y. Bulven, M. L. A., who was present to represent the Territorial Department of Public Works with reference to the construction of roads within the municipality was invited to address the Council.

Mr. Bulven explained the views of his government with reference to road making and intimated upon what roads the government expenditure would be placed this year, and suggested that arrangements be made to carry on these works so as to conform with the works contemplated by the Council.

Mr. J. H. Fraser interviewed the Council with reference to repairs to the dam near his place, offering a guarantee to keep it in repair upon certain conditions.

Moved by Councillors Jones and Johnston that we do now adjourn until 7 p. m.

EVENING SESSION.

The Council resumed after adjournment, all the members being present.

Moved by Councillors Jones and Shaw that the following be the road overseers for the current year: W. G. Vicars, Geo. Ellis and Wm. Brown.

A By-law appointing road overseers and a By-law for restraining and regulating the running at large or trespassing of animals were read a first and second time, put through a committee of the whole on By-laws and upon the unanimous vote of the Council, read a third time and finally passed and signed by the Reeve and Secretary-Treasurer and sealed with the corporation seal and numbered.

Moved by Councillors Doohittle and Johnston that 100 printed copies of the new Herd By-law, and forms for Poundkeepers and Appraisers be procured.—Carried.

Moved by Comm. Doohittle and Shaw that the Reeve be authorized to deal with Mr. J. H. Fraser with reference to his dam.—Carried.

Tenders for the purchase of \$5,000 debentures were received and on motion of Comm. Doohittle and Johnston, were awarded to the Manitoba Trust Co. of Winnipeg, their offer of \$6402 being the highest received.

The meeting then adjourned.

LOCAL NEWS

For Fresh Burned Lime call on
LIDGATE & JAMES.

Season Closed.

Our sporting friends will bear in mind that the duck shooting season closed on May 5th.

A. and E. Clarke have taken over the Commercial hotel business at Yorkton from Chas. Eyre.

Two of our cyclists, wheeled to Wolseley on Monday. The good roads and fine weather make this country a wheelmen's paradise.

We are requested to remind owners of stock within the municipality that the Hord By-law comes in force on Tuesday next, May 15th.

J. P. Beauchamp and B. Harvey spent Friday and Saturday on a shooting excursion to the lakes. They report a very pleasant and successful trip.

The "brave" Sullivan created some little diversion on Monday by attempting to break in a colt on Main St. His graceful riding reminds one of a windmill in motion.

Advance rates, \$1.00 per year will be accepted from subscribers two years or less in arrears if paid by May 20th. It will pay you to examine your label and act accordingly.

Delayed.

The C. P. R. express was about 5 hours late on Saturday, the train having been delayed by running into an open switch east of Winnipeg.

Postponed.

The time for the return of the books and moneys collected in this municipality for the Patriotic Fund has been postponed until June 1st. Collectors are requested to have all ready by that time.

Overheard on the Street.

Holla, Perkin! Married? No, Barnet, why do you ask? Oh, I saw in THE PROGRESS that a Chased James was frequently seen in town lately, so I thought perhaps you had got in trouble.

A Drive for Nothing.

A gentleman from Leam Creek brought in 100 bushels of wheat on Friday last, but the elevators being closed and the mill being unable to take the grain he had to take it home again.

Jap Tea Party.

This unique entertainment to be held in the town hall on Wednesday next bids fair to be a great success. The Japanese attendants with their dainty ways and charming costumes are sure to win hosts of admirers among the sterner sex. Go and see them.

Sullivan has a peculiar knack of getting into trouble nearly every time he becomes alcoholically embarrassed. On Monday he annoyed a French-Canadian who was stopping over here for a day or two and received a bang in the eye as a consequence. He was satisfied then and left.

The Creamery.

The creamery is now in running shape and the first butter is expected to be churned to-morrow, Friday. It will pay the farmers to support this industry. All information may be obtained from the manager, J. R. Campbell.

Griffith's Entertainment.

P. A. Griffith's entertainment on Friday and Saturday evenings in the town hall promises to be an interesting, instructive and amusing one. He has given several of these entertainments in East Assiniboia, always meeting with hearty praise. He guarantees the performance to be just as announced on the programs. Prices 15 and 35 cents.

Dentistry.—Dr. Washington, Dental Surgeon, will be at the Leland Hotel from Wednesday, May 23rd till May 26th. Teeth extracted without pain. Also best artificial teeth inserted. Satisfaction guaranteed. Call early.

Arbor Day to-morrow. It is a statutory holiday.

John Hawkes, late of the Whitehead Herald, has, we understand, purchased the Charnduff Gazette and intends taking it over at an early date.

The Free Press contains full accounts of Gen. Roberts' advance on Pretoria. War news has acquired renewed interest. Get a paper at this office or from our newsboy.

Popular.

Subscriptions to THE PROGRESS are flowing in rapidly. Each day shows the paper to be increasing in popularity. Our large staff of correspondents, honest treatment of public questions and the general moral tone of the paper are meeting with approval on all sides. Reader, are you a subscriber, or do you borrow from your neighbor to get the news?

John Love intends making extensive improvements on the Leland Hotel this summer. A new roof is to be put on immediately. Later the north side will be raised, the whole building papered and painted and placed in first class condition. Mr. Love and Mrs. Raymond will take control about May 25th. Both these people are experienced in hotel management and will no doubt build up a large trade.

Debentures Ordinance.

An ordinance to legalize by-law No. 281 and certain debentures of the municipality of South Qu'Appelle, relating to the raising of \$50,000 by said municipality for the aid of our grist mill, passed its third reading at Regina last week, and received the sanction of the Lieut. Governor. Some little doubt existed as to the legality of the debentures owing to a slight technicality, hence the ordinance.

Mrs. Ambler and Mrs. McNaughton are making some improvements on their properties in town. We regret that others are unable to do likewise. A number of the old buildings on Main street give a bad impression to strangers coming into the town and are a source of danger from fire. Nothing draws settlers and custom so readily as neat attractive stores and residences. Even a coat of paint on some of the buildings would add fifty per cent. to their appearance.

There has come to our office a combination match box and striker issued from the office of E. G. Singers, one of the leading patent lawyers of Washington, D. C. It is a household necessity, and we are informed that inventors can procure samples of the same by writing him at once. His ad. appears in this paper.

PERSONALS.

G. H. S. Bulven and Percy Bulven, visiting friends in town this week.

W. A. Stitt, representing the Winnipeg Mills Co. and Stewart representing Stobart & Co., were in town on Tuesday.

Mr. F. Workman, of Wile Aroko passed through town on Monday on his way to Weyburn where he has taken up land.

Stanley M. Robertson, son of Revd. Dr. Robertson, Superintendent of Canadian Missions, has arrived from Winnipeg to accept a position as office assistant with S. H. Caswell & Co.

(EDGELEY, continued from first page.)

Miss Gray, Miss Brydon and Mr. T. Wilson visited Edgeley last Sabbath.

Mr. John Tate is home from Weyburn.

A grand S. S. convention will be held at Wolseley early in June, at which our school will be represented.

Miss Ida Tate is now visiting relatives at Poplar Plains.

Miss Gertie Craig left last week for Battleford, where she will live with her brother, Albert.

Mr. and Mrs. Geo. Webster, of Indian Head, visited relatives here last Monday.
